MEM'RIES DEAR THAT LINGER HERE ARE BOUND WITH LOYALTY.

WE STAND UNITED FOR PEACE

WE stand united for peace even as we go forward with plans for the defense of our liberties and those of all other freedom-loving peoples. This senior class entered Jefferson as one world-wide upheaval subsided and they leave only to be engulfed in international clashes of ideologies from which we must not withdraw.

.....

"To what other nation in the world can all eyes look for instant sympathy that thrills the whole body politic when men anywhere are fighting for their rights? I don't know that there will ever be a declaration of independence and of grievances for mankind, but I believe if any such document is ever drawn it will be drawn in the spirit of the American Declaration of Independence, and that America has lifted high the light which will shine unto all generations and guide the feet of mankind to the goal of justice and liberty and peace."

- Woodrow Wilson

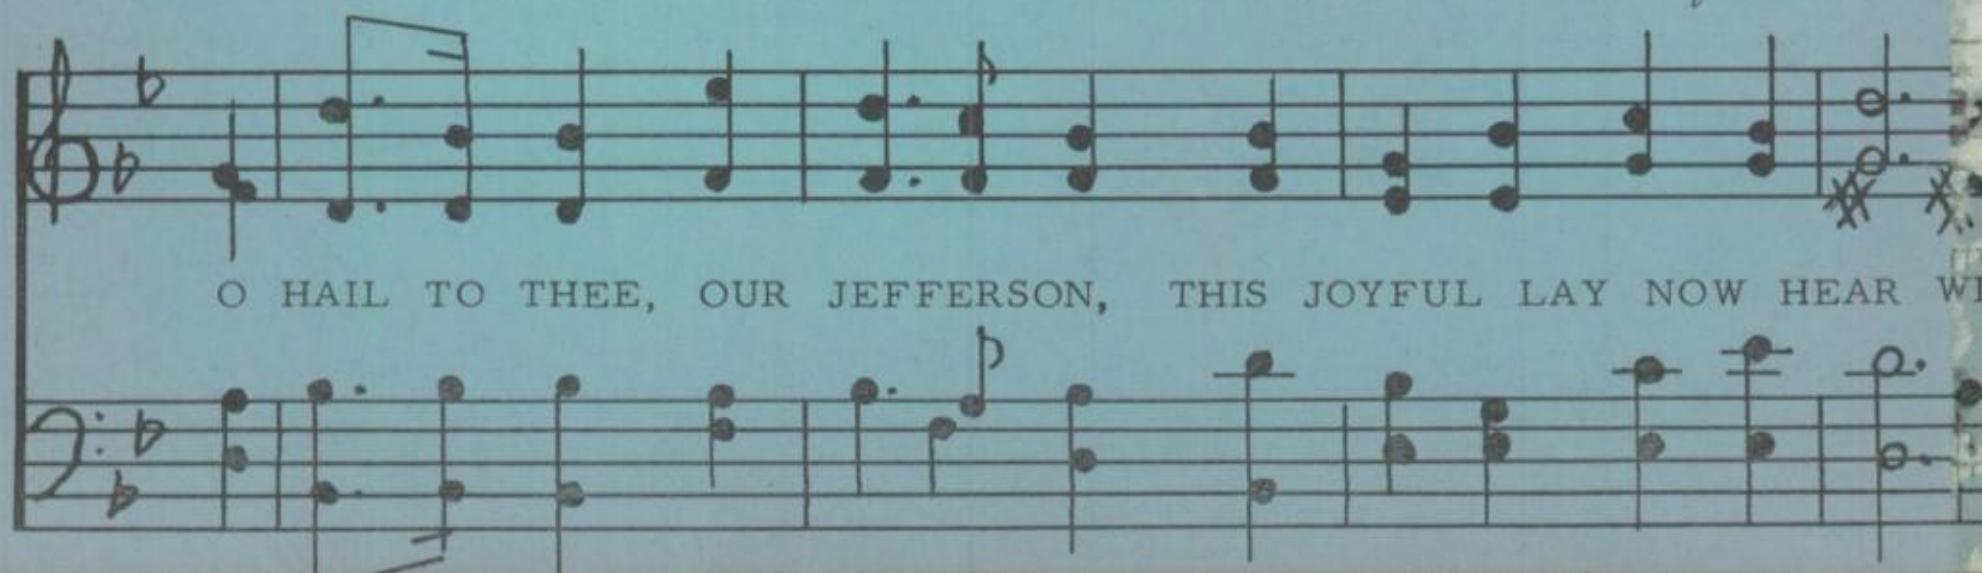

.....

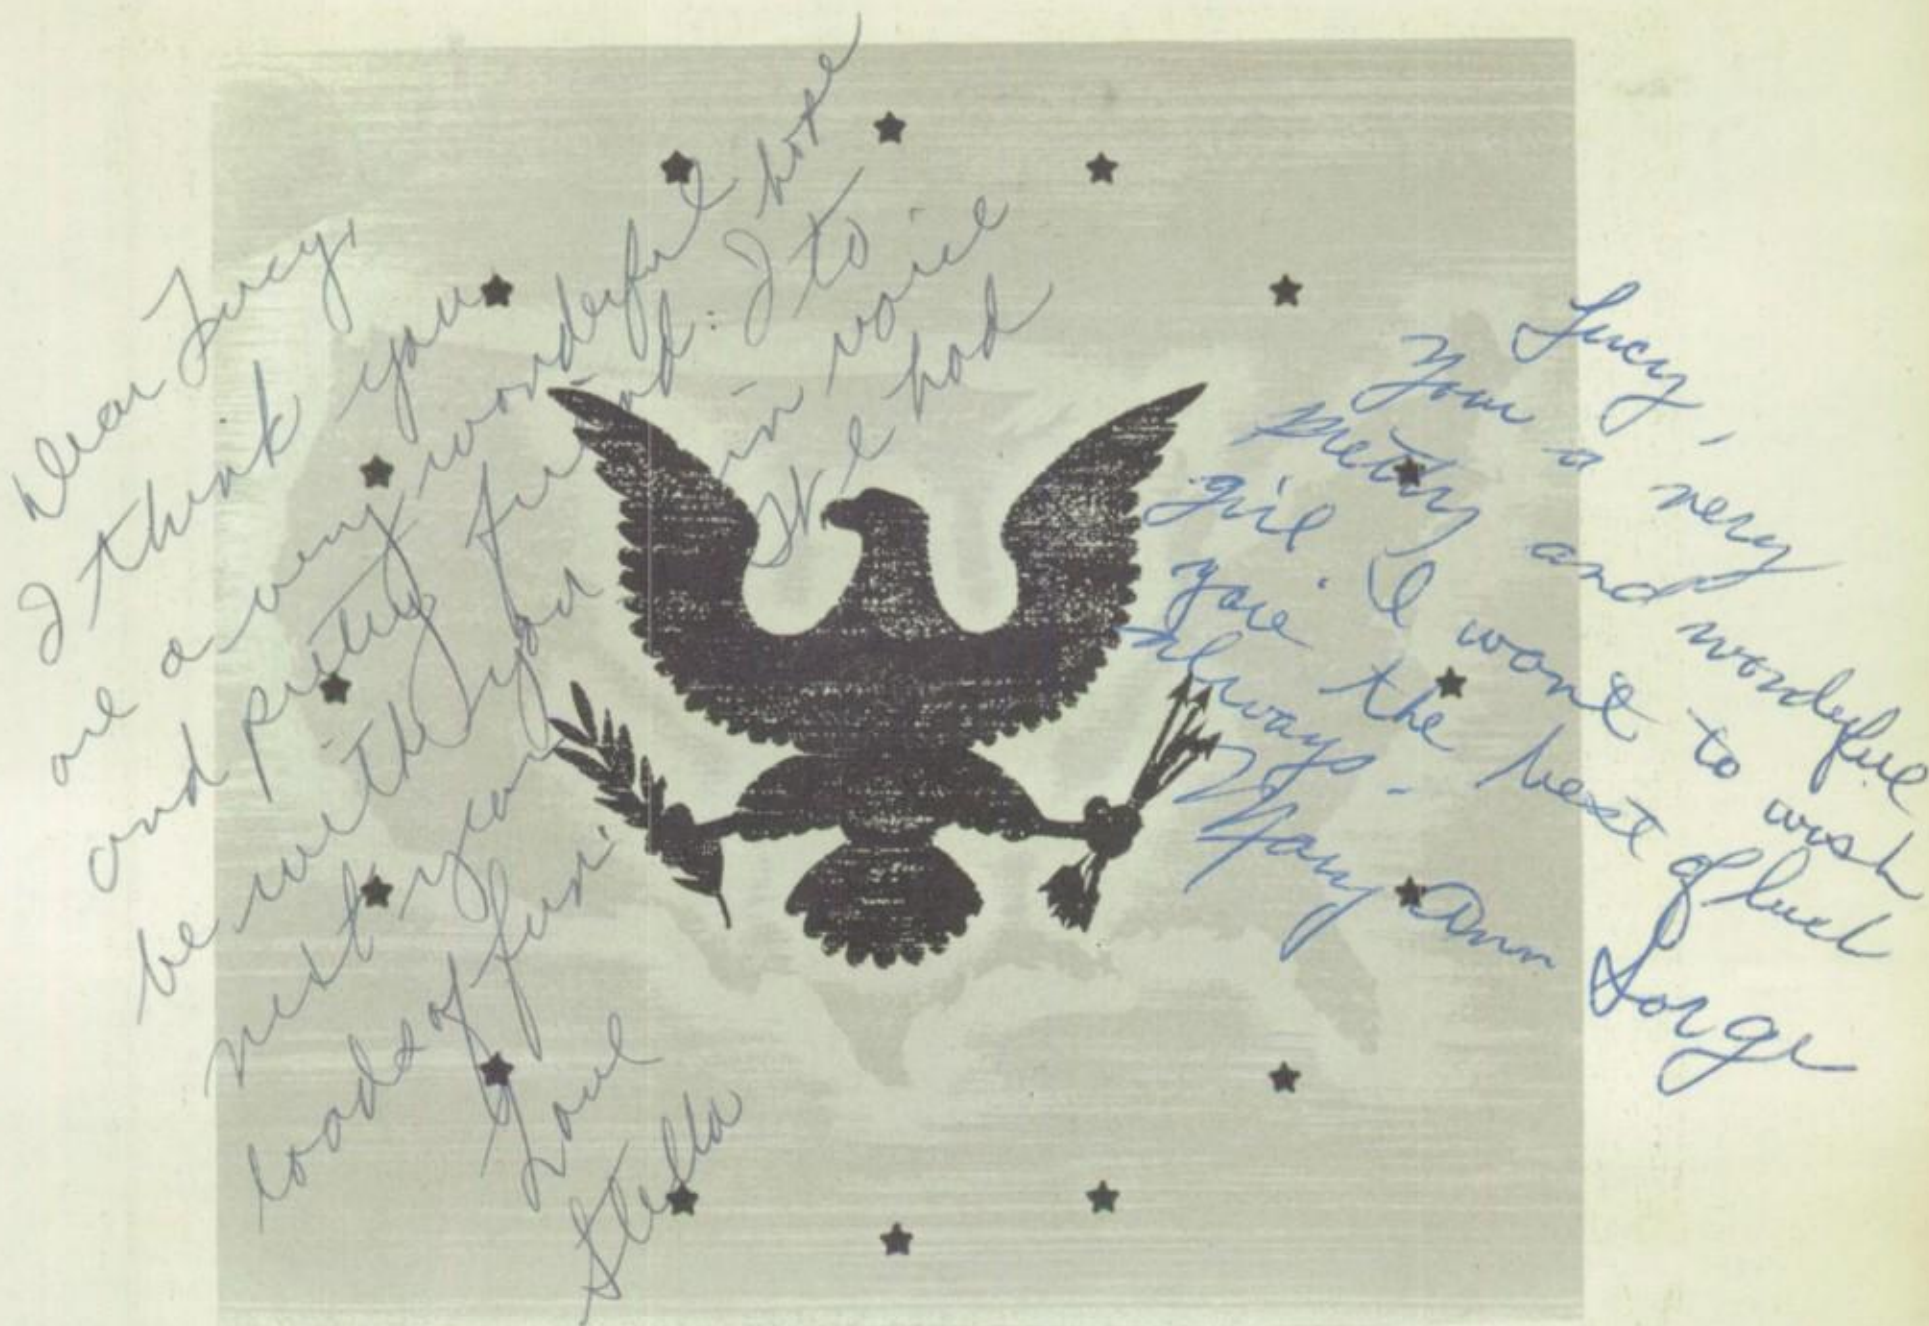

It is the spirit of our people that has made this country great. Every graduate of this school must expect to contribute to the perpetuation and extension of its greatness to the end that all the world shall respect our democratic principles.

Peace of mind or international peace - each demands great faith, great fortitude, and even life itself.

.....

Arnold B. Swift

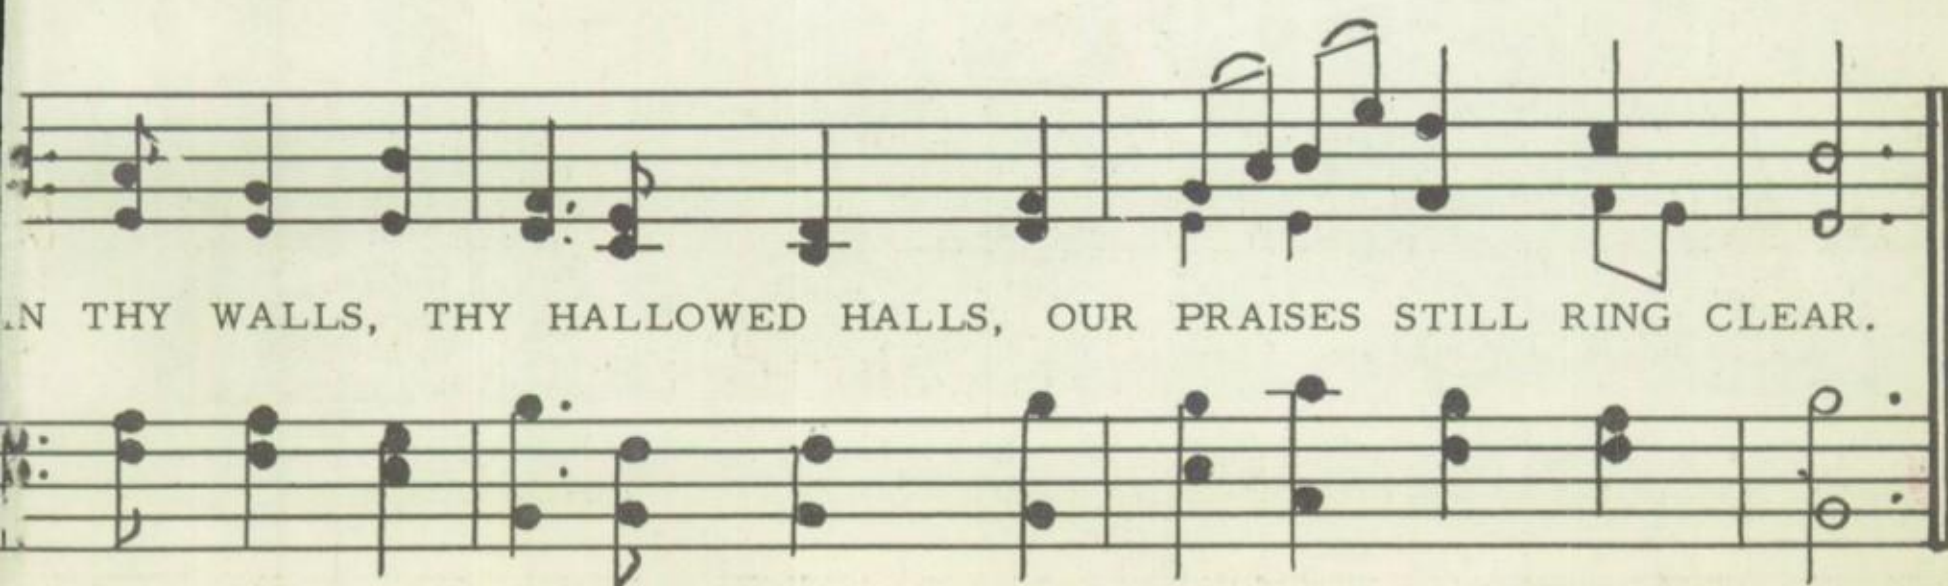

WE HONOR OUR COUNTRY

OUR great country was founded on the principle of freedom—freedom to live, to worship, to work. Inevitably linked with freedom is responsibility. Only as these two principles are co-ordinated can a nation become great. To-day, more than ever before in history, our way of life is threatened. We, the class of 1951, recognize our own obligations to shoulder responsibilities and to protect what we hold dear. As loyal citizens we must all be willing to fight and to work for this great country of ours. In these difficult days may our prayer be:

"America! America! God shed His grace on thee
And crown thy good with brotherhood from sea to shining sea."

To those who know us all too well - the Faculty of Jefferson-we extend our deep appreciation. You have often smoothed down our ruffled feathers and have labored consistently to have us live up to our capabilities. For your patience and untiring help, we salute you!

SCHOLARSHIP, Leadership, Service and Character", the motto of the National Honor Society, is the basis upon which members are selected. To belong to the National Honor Society is a privilege and honor, a goal for which many students strive during their years at Jefferson.

Upon being elected to the Society, the new members are given a creed and take this oath:

"I pledge myself to uphold the high purpose of this society to which I have been elected, striving in every way, by word and deed, to make its ideals the ideals of my school and of my life."

THE health and physical education program helps boys and girls meet their physical and recreational needs. Participation in a variety of physical activities has carry-over value to adult life. SPORTS

1950-1951

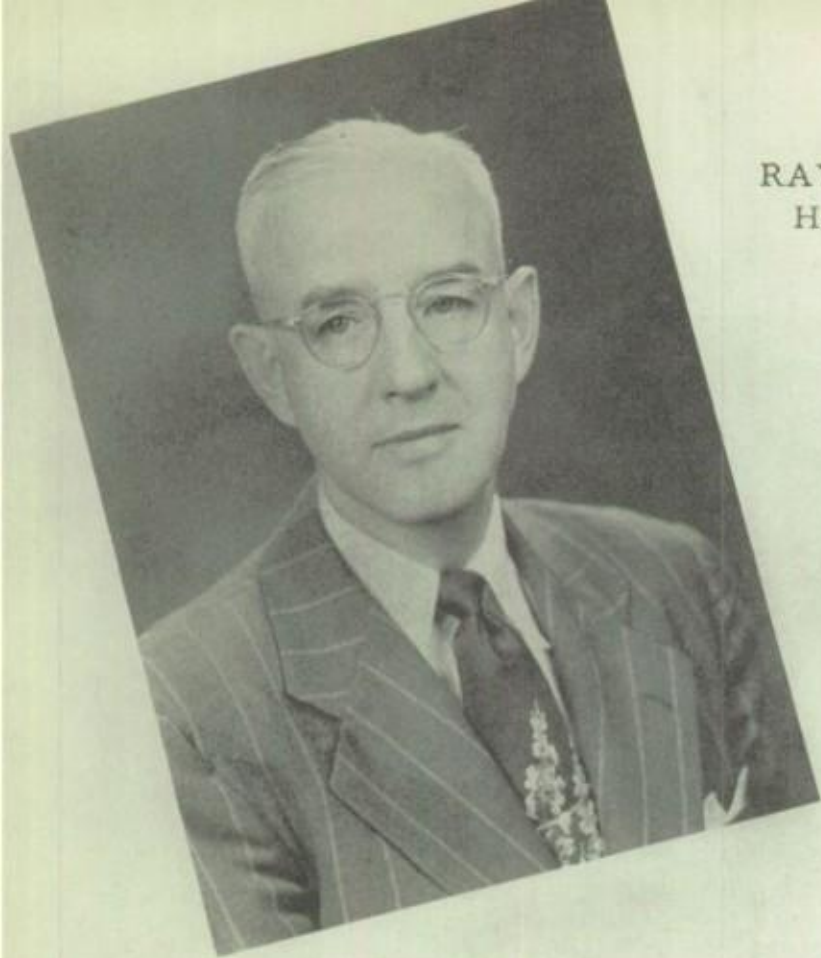

THE school year 1950-51 has been a success in our athletic endeavors from one main standpoint. We recognize a definite trend toward good sportsmanship. True - our record of championships isn't evident. Our decimal rating is about .250, but who can forget such faithful stalwarts as Tony Giardina, Alex Riola, Russ Manzone, Ralph Zecchino, Bruce Barclay, Mike Pastore, Joe Biocca?

HERE was provided one of the year's brightest sport lights. Coach Ugino's hard plugging was well repaid by a very successful season.

RAYMOND BRICE
Head of Health Education

RAY BRICE - a true leader. His wise judgement and enthusiasm have made our Statesmen good sportsmen through victory and defeat. Without his planning and attention to detail, many of our sports attractions wouldn't be possible. His counsel has helped us steadily throughout our high school days. Here's a hearty "Thanks for Everything" to Ray Brice.

THE 1950 Soccer Team finished in 2nd place in the city league, having a record of six wins and two losses. Our Booters opened the season with a memorable victory over Marshall on the latter's field - This proved later to be the only loss Marshall suffered and they won not only the City but the Sectional Title. A short two weeks slump in spirit cost us losses to East and West so we were out of the running. Jeff's total scoring 22 points, and our opponents total 5. Not bad!

SOCCER

Arthur Webster - Coach, S. Fedele, J. DeCastro, S. Dee, T. Reale, D. Sassone, G. Joseph, S. Gruttadauria, H. Rittler, M. Taddones, J. Biocca, B. Barclay, A. Carsone, M. Mastrodonato, J. Morrell, R. Zecchino, F. Paris, R. Manzone, N. DiMartino, R. Gioseffi

*T*HESE are the boys who earn a "Stand up and Holler" - for their sport means hard daily plugging to get into condition for the gruelling 2 1/2 mile weekly race. Nice going fellas, let's have more of them.

CALISTHENICS

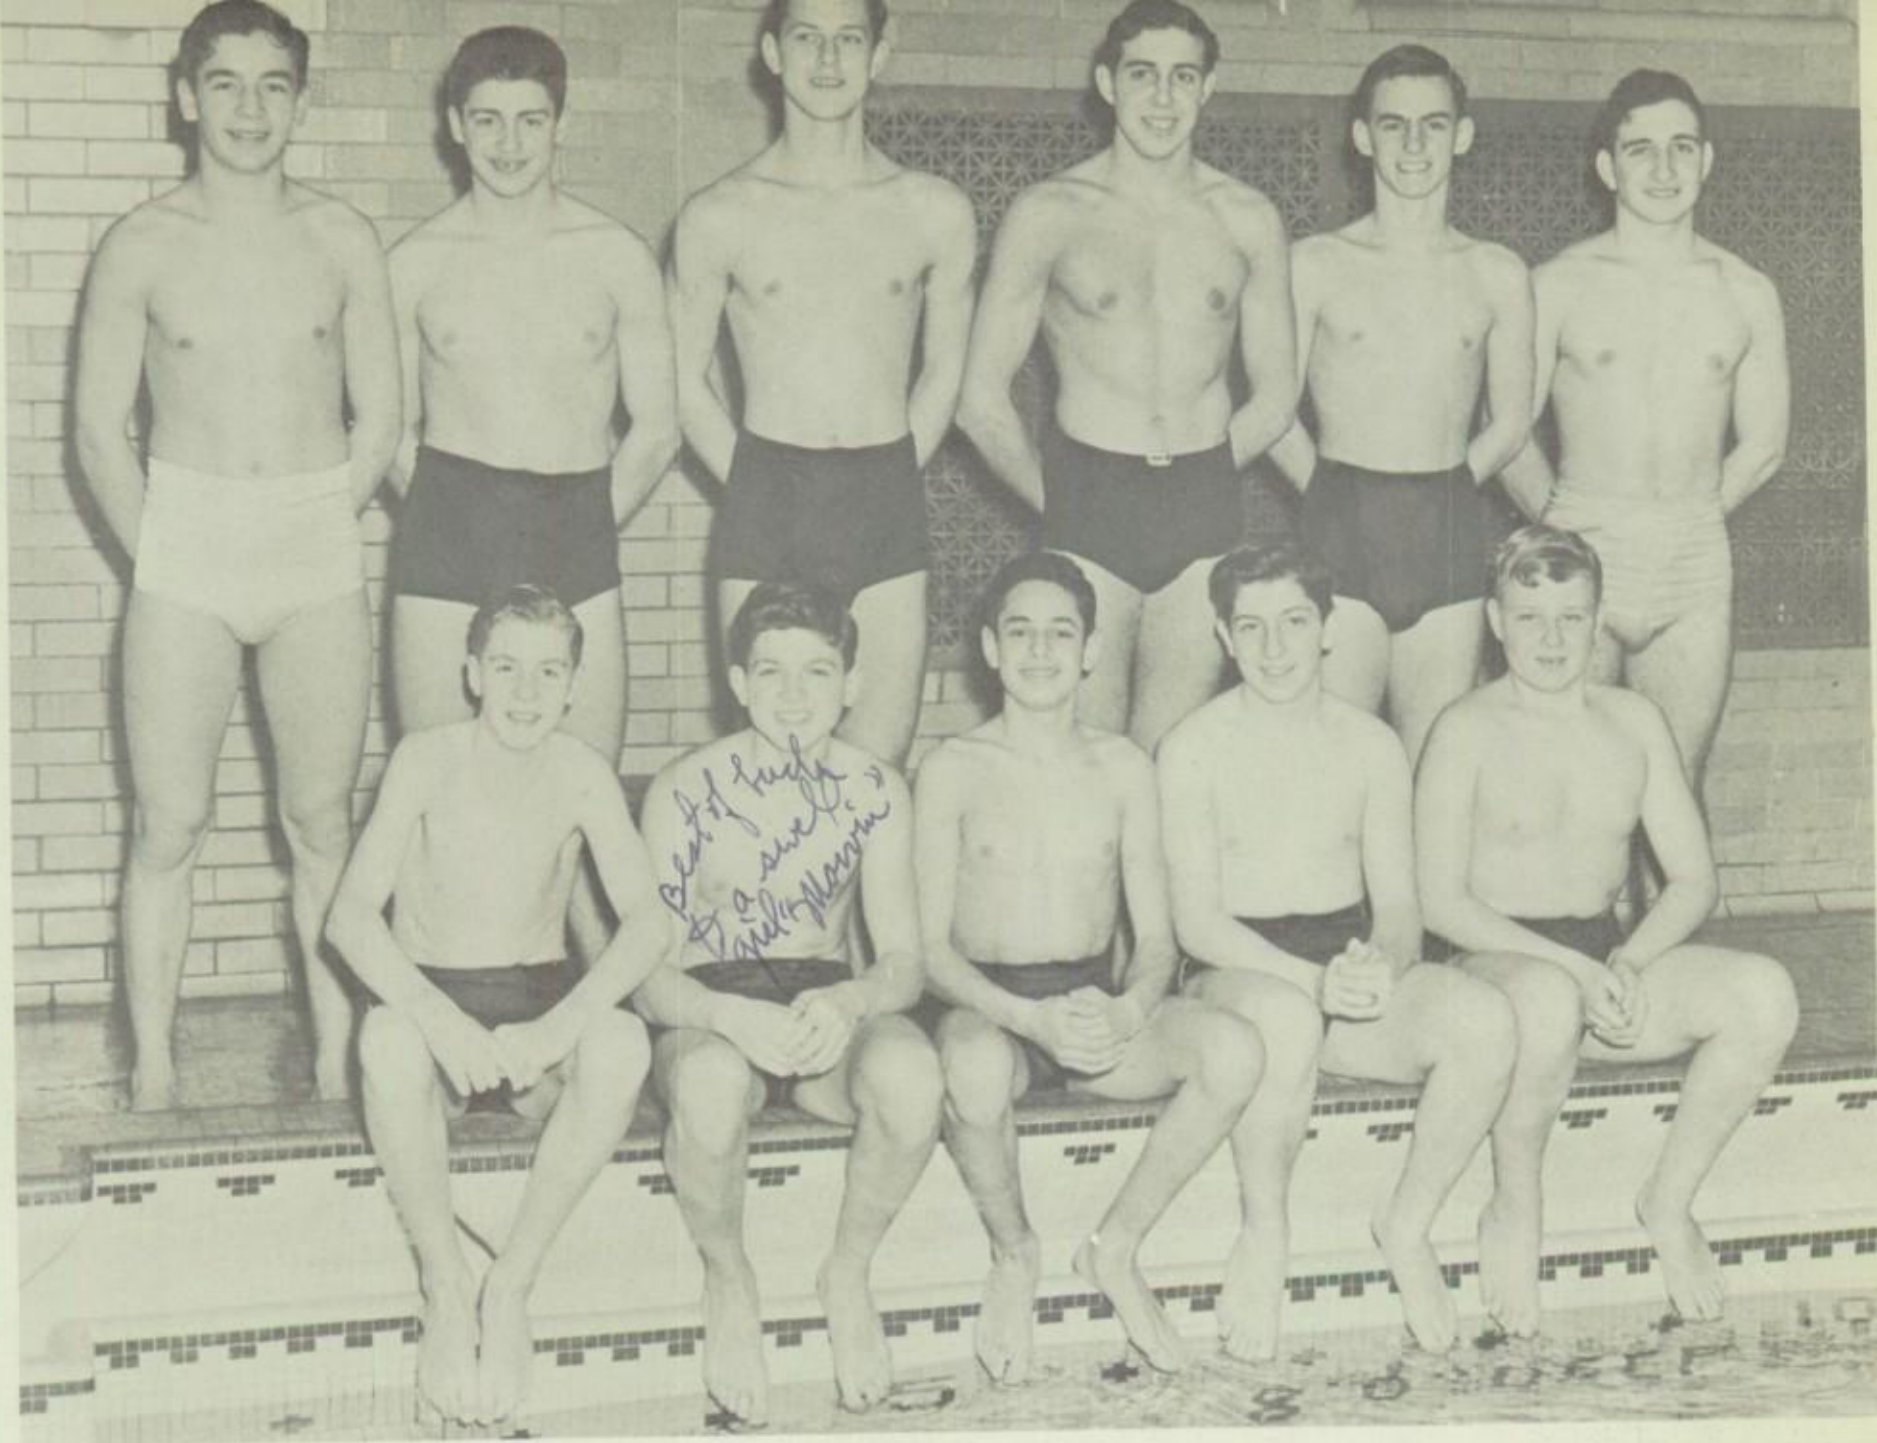

FROM the looks of things at the start of the season, Jeff sport followers had great hopes for a standout team this year. What with a Coach full of vim and vigor, a bunch of scrappy whirlwinds, it looked very rosy. Once again the lack of height has been the bugaboo. Our bubble broke early in the first half of the season - but once again we look forward to better things ahead.

GYM CLASS

*W*ITH five men lost through graduation from last year's starting nine, it is hoped that their replacements will inject a new spirit into the team, which will help to improve on last year's record. An outstanding American Legion team from our district last year should provide many of the replacements Jeff needs.

Lucy, I really don't know what to write, except that your doll and a swell kid, you really deserve a great deal of luck and Best wishes always. We've had a great deal of laughs together and sincerely hope to have more together.

101st of back
to one of the

AFTER getting away to a good start the 1950 edition of Jeff Football was unable to cope with the deluge of injuries and other misfortunes which befell our gridsters. With three victories and four defeats the season can be rated as just mediocre. Please, Santa Claus, bring us strong reinforcements on the line for next season and with a good crop of backs - we promise a better record for 1951.

OF SPORTS

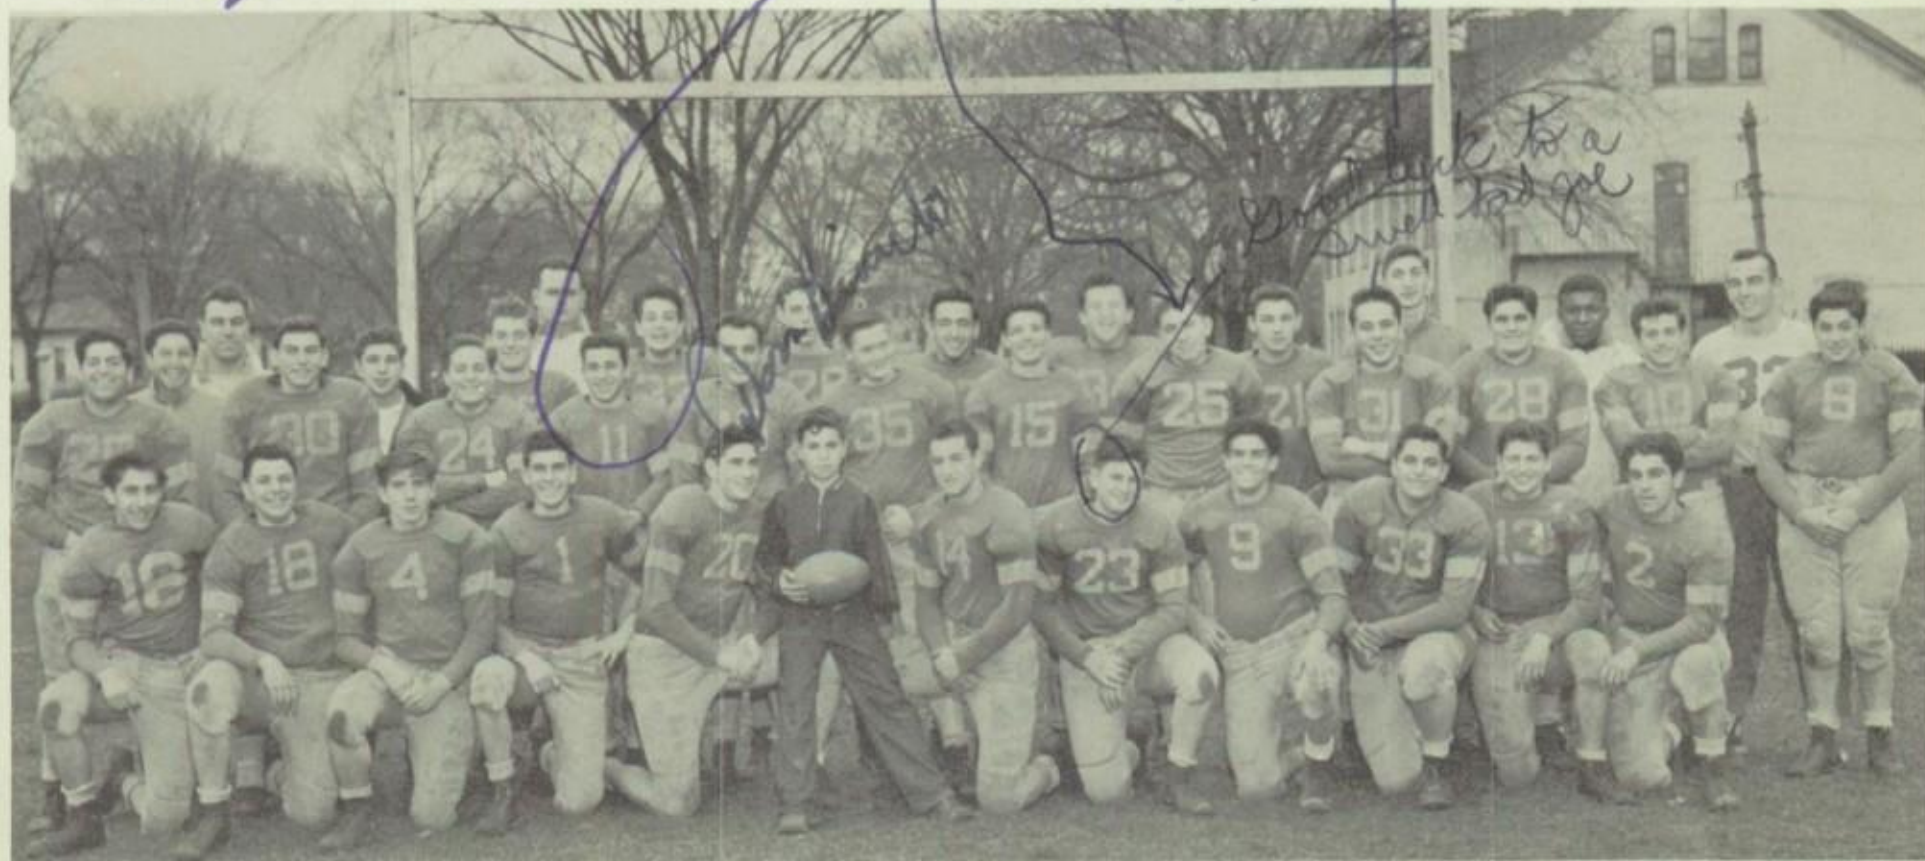

AFTER getting away to a good start the 1950 edition with the deluge of injuries and other misfortunes three victories and four defeats the season can be said to have been a disappointment. Claus, bring us strong reinforcements on the line for 1951 - we promise a better record for 1951.

THE CLASS OF 1951 RECALLS

IN September 1946, 219 wide-eyed eighth graders timidly entered the halls of Jefferson, utterly confused at finding certain corridors out of bounds-reserved for veterans. Getting lost was the order of the day. Some of these same souls may still be encountered wandering blindly on the third floor, looking-so they say-for Room 116.

In September 1947, 210 ninth graders returned to pursue their search for learning, rooms and friends.

September 1948 revealed 189 eager beavers racing to get front seats for the newly state-mandated tenth grade subjects-World History and hygiene. This year they knew all the answers.

September 1949 found 181 important juniors, full of information and know-how. The Junior Prom was the sharp affair of this year, with attractively-gowned girls and smartly groomed men. High lights of this year were: National Honor Society and Craft Guild elections and banquets.

In September 1950, 156 dignified seniors welcomed the newly-opened corridors on the first floor and were intrigued with the guidance center replacing the veterans' offices. There they were greeted by counselors, Suter, Lowell and Kelley, peering at them over pamphlet-covered desks. There are many never-to-be-forgotten days of this momentous year: the getting of pins and rings, the dances, the Senior Prom, the Crowning of the May Queen, and the greatest of all--Commencement.

FAREWELL

*N*O senior class just goes about the business of its last year in school - electing senior officers, organizing for the yearbook, planning for the prom (and where we'll go afterwards!), getting ready for the banquet, sweating out the senior speeches, eating out the senior luncheons, betting on the last May Queen, looking ahead to the last senior assembly - without once in a while having a queasy feeling that this is it. For a lot of us it's more than the end of being together during five years of high school - it's the end of being together for all our school lives, and that's an awful long time. It's taken more than one filibustering campaign to get us where we are. We've had to do some tall maneuvering to keep our parents at home, now and then, where they could remain happy and in blissful ignorance of some of the tripe we tried to pull. No one can ever really appreciate the amount of time and effort we have put into planning how to escape doing the things we were supposed to do for our own good. Sometimes the ideas worked out; just as many times they didn't, and then we had to do what was supposed to be good for us. Anyway, it was a heck of a lot of fun trying to beat the educational racket. We've been told that it won't take many years out of school to bring us to our senses, to make us realize how fortunate we were to have had the advantages of high school, how much we muffed, how much more we might have had. Maybe.

But this is it. This is the end. Graduation is here. We've got to go, and we're not just sure that we want to go. We've been having a good time, and we're not sure we're going to have as good a time next year. You teachers and all you younger kids are sure to have a good time next year when we have gone - while we are going to have to go to work.

This is the senior farewell - we really have had a good time, and we really appreciate everything. Good-bye now.
